TO: The Bulldog Staff and Student Body of John Rundle High School

"God gave all men all the earth to love,
But, since our hearts are small,
Ordained for each one spot should prove
Beloved of all."

It is our hope that each of you may feel in your hearts the real meaning of the quotation given above. Life without love is dull and meaningless. So we love--people, ideas, things, places. For many of you, as you look back over your more youthful years, John Rundle High School will be a beloved place. It holds that place in your heart and memory not so much because of its class rooms and corridors, but because of the many fond memories connected with the hours and days you spent here. It was here that you continued old friendships and formed new ones. It was here verging upon the opportunities and responsibilities of the fact that you were that you became fully conscious of adulthood. The optimism of youth gave you a bright and healthy outlook upon the future, and thus, set you aside from pessimism and defeatest attitude of many of the generations which preceded you. Most of you have shared the spirit of loyalty, responsibility, and appreciation which have come to be known as characteristic of the student body of your school. As you leave these halls, may you take and keep with you always all those fine attributes which have made you worthwhile citizens of John Rundle High School.

Sincerely yours,

Appreciation

Mr. Bill "Buck" Shaw

Because he worked so hard with the staff - kept late hours so that a deadline could be met - gave his ideas when we were in need of them - we wish to express our sincere Appreciation to Bill "Buck" Shaw.

Without his willingness to work and excellent photography we could not have edited this annual.

Dedication

It is an honor to pay tribute to one who has done so much for every student of JRHS - one who has given so unselfishly and unhesitatingly her guidance, companionship, and time - one who has lent inspiration and encouragement to those working with the Junior-Senior Banquet.

As means of showing our appreciation, we, the annual staff, on the behalf of all the students, dedicate this 1963 "Bulldog" to Mrs. Dixon Hardy.

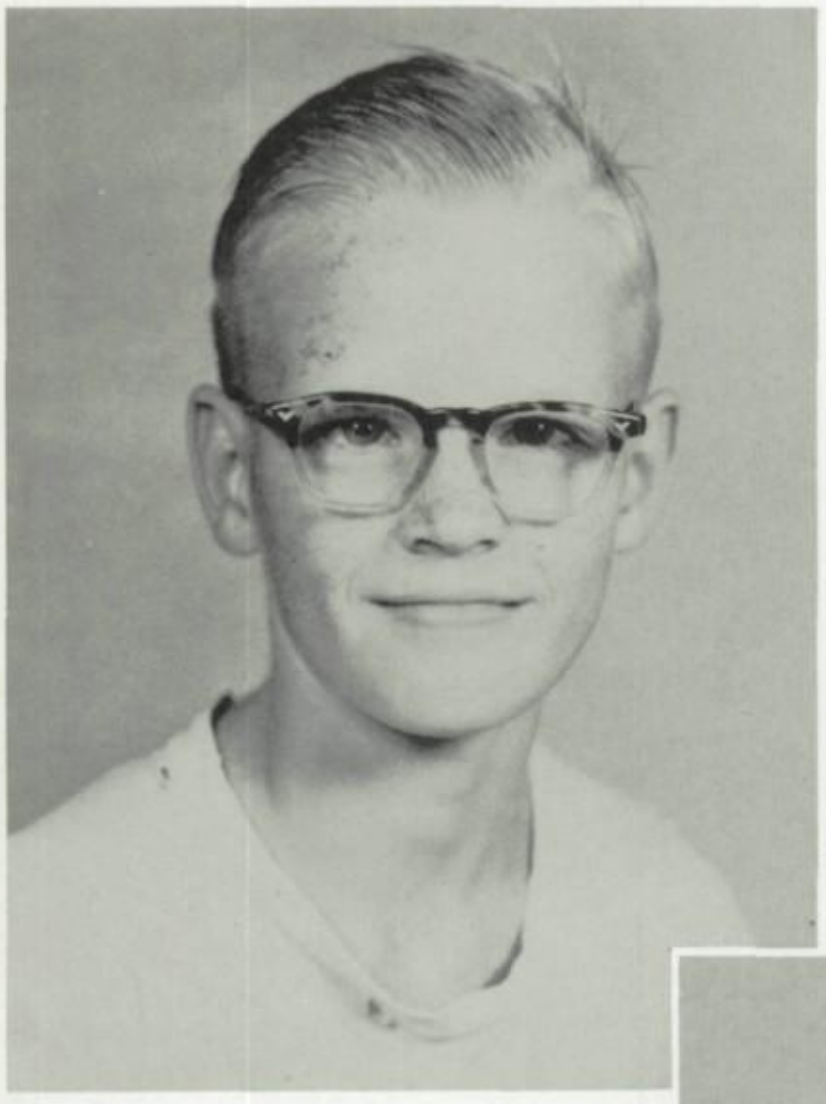
Seniors

In Memory of . . .



James Mayhan

James would have graduated with the '63 class this year; but God saw fit to take him above while in his early youth. Being so young, we were not able to understand such grief. Now we realize that death is not the last sleep, but the final awakening.

Linda Moser

Although we have missed Linda through the years, we know that at our supreme graduation we shall be with her once more.

We, the seniors, leave our last and best year of high school in memory of our two friends.

Farewell

As we pass slowly out of these doors that have seen so many come and go, all too quickly we hear the doors of the years past, quietly shutting behind us; and we go forth eagerly to open the doors to the future and whatever it may bring.
